Problem solving	★★★★☆
Analytical skills	★★★☆☆
Ability to work under pressure	★★★★☆

ACHIEVEMENTS

Created an app(using Delphi) which is called ALLINST(for Codespace competition) that helps students to apply to any institution by just filling in one application instead of multiple forms. I also won in second place for programming a robot to finish a maze from the Codespace courses. At hight school I was the top 4 students who got 94% and above on a project where I coded a booking app for hotels.
